EXPERIENCE THE FLSSH DIFFERENCE

Unmatched Service

Benefit from 60-minute urgent response guarantee, 24/7 NZ-based operations and a dedicated customer support team always ready to help.

5-Star Safety

Keeping everyone safe is our top priority. Our operations are rated 5-star by Impac Prequal. Hospital grade products and regular swab testing ensures hygienic loos.

Total Accountability

With live service tracking, photo-based proof of service and service history audits available through the customer portal, you're assured we're delivering.

Ready when you are

Over 7,000 units and 30+ specialised trucks are ready to deliver whenever you need us. Our modern fleet is fully equipped to deliver to the highest quality standards.

North Island Wide

We operate from seven sites across the North Island with the largest service area of any specialised sanitation provider. So a loo can be with you, where you need it.

Sustainability Leaders

Our environmental impact is carefully managed through rainwater harvesting, recycled products, biodegradeable chemicals and clean diesel technology in our modern fleet.
